BLOODSTAIN
Inside the gun of a weapon
DRAWBACK EFFECT
yellowish stain linked to a reddish stain
SERUM STAIN
Mother stain
Satellite stains mostly circulars
DRIP PATTERN
Even distribution of satellites stains around the mother stain
SPLASH PATTERN (Horizontal surfaces)
Horizontal surface
Beam distribution
IMPACTED VOLUME (Horizontal Surfaces)
PROJECTED PATTERN (Horizontal surfaces)
Double conique distribution
IMPACTED VOLUME (Non Horizontal Surfaces)
PROJECTED PATTERN (Non Horizontal Surfaces)
Ovoid to circular stains
Heterogeneous diameter of the stains and presence of air bubbles,and/or mucus
EXPIRATION PATTERN
Only circular stains
Diameter of stain between 0.1 et 3.0 mm
Well defined outline, central depression, packet distribution
INSECT STAIN
Converging ovoïd stains
FOYER OF IMPACT PATTERN
Stains related to another circular stain of larger diameter
ACCOMPANYING STAIN
SPATTER
Constant circular shape with a linear distribution
DRP STAIN (Horizontal surfaces)
DRP TRAIL
Spray appearance, surface staining
MIST PATTERN
Distribution
Converging distribution
IMPACT PATTERN
Double conique distribution
IMPACTED PATTERN (Non Horizontal Surfaces)
Downward linear to curvilinear distribution
GRAVITATIONAL SPATTER
CAST-OFF PATTERN
Downward vertical main axis
PASSIVE STAIN (Non Horizontal Surfaces)
SPATTER
Heterogeneous distribution of blood or unnatural general shape
Specific shape
Blood only in the pattern
TRANSFER PATTERN
TRANSFER ALTERATION
Pre-existing pattern
WIPE PATTERN
SWIPE PATTERN
In a bleeding area, lack of stains or decrease in the quantity of stains
VOID
Well defined outline
Parallele edges
FLOW PATTERN
Porous surface
SATURATION PATTERN
POOL
Porous surface
SATURATION PATTERN
NON IDENTIFIABLE STAIN
